## APPROPRIATE SUM TO PAY ARCHITECT

Although Eschbach's Advice is Con-  
flicting. County Council Al-  
lows Fee of \$3,133.02

### PLAN FOR COUNTY ASYLUM

With One Dissenting Vote, Council  
Also Appropriates \$860 For Coun-  
ty Agent—Total \$7,441.81

The county council, meeting in  
special session today, appropriated  
\$7,441.81, including an appropria-  
tion of \$3,133.02 to pay an archi-  
tect's claim for drawing the plans  
specifications for the proposed  
county poor asylum and one for  
\$860 for the county agent.

Both of these appropriations  
have previously been voted down by  
the county council, but on advice  
of Jesse Eschbach, chief of the  
state board of accounts, the archi-  
tect's claim was allowed, and the  
councilmen evidently decided that  
there was no other course open than  
to allow the appropriation for the  
county agent because the law  
makes it mandatory after certain  
provisions of the statute have been  
complied with, as has been done  
here.

The remainder of the appropria-  
tions were to make up deficiencies  
in the various funds.

One vote was cast against both  
the architect's and county agent  
appropriations. R. P. Havens of  
this city, who cast both opposing  
votes, moved that the question of  
whether the architect's claim was  
legitimate be put up to the attorney  
general, but the council passed  
the appropriation with the one dis-  
senting vote without resorting to  
such a course.

Mr. Havens made the motion on  
account of conflicting statements by  
the chief of the state board of ac-  
counts. In a letter written here  
about a month ago, Mr. Eschbach  
said that the appropriation should  
not be passed by the county council  
because the county commissioners,  
who engaged the architect, Mr.  
Ginro and Shook of Indianapolis,  
did not have the authority to make  
a contract. A few days ago he  
wrote another letter in which he  
said that after studying the con-  
tract more carefully, he was con-  
vinced that the claim should be  
paid.

Many of the opinion that the ar-  
chitects were entitled to some fee  
for preparing the plans and spe-  
cifications even though the bond is-  
sue for the poor asylum was denied  
by the state board of tax commis-  
sioners. Others contended, however,  
that since no bonds could be issued  
to build the structure, there was  
no fund from which the claim could  
be paid.

The per diem for the county su-  
perintendent and the salary for the  
county assessor were appropria-  
tions which came over from last  
year because all funds on hand at  
the end of the year reverted back  
to the treasury at the end of the  
year.

The appropriations follow:

## ROBERT TYNDALL ELECTED

Chosen National Treasurer of Amer-  
ican Legion by Committee.

(By United Press.)

Indianapolis, Ind., Dec. 20.—Robert  
Tyndall, formerly colonel com-  
manding the 150th Field Artillery of  
the Famous Rainbow division, was  
elected national treasurer of the  
American legion at the first meet-  
ing of the national executive com-  
mittee here today.

Mr. Tyndall will take up his  
duties immediately succeeding Gar-  
per Bacon of Boston, who resigned  
the position soon after his election.

## COLDEST MORNING SO FAR

Mercury Registered One Below at  
Daylight This A. M.

This morning was the coldest to  
be registered, according to county  
weather observer, Elwood Kirk-  
wood, at Mauzy, who stated that the  
thermometer dropped to one below  
zero at daylight. At 7:30 this morn-  
ing the mercury had gone up to 6  
above, and from then on the sun  
came out brightly and the moder-  
ating temperature prevailed  
throughout the day. The weather in-  
dications for tomorrow states that  
it will be cloudy, and warmer. The  
cold this morning was keenly felt  
because of the stillness of the air.

## SCHOOL VACATIONS ARE NOT UNIFORM

Few Townships Will Have Only  
Week's Vacation and Others 10  
Days For Holidays.

### RUSHVILLE SCHOOLS 11 DAYS.

In the absence of a uniform  
agreement among the school offi-  
cials of the county, some schools  
closed yesterday for the holiday  
vacation and others will continue  
in session until the afternoon of the  
day before Christmas, next, Wed-  
nesday, Superintendent C. M.  
George stated today. The schools  
which closed Friday afternoon for  
Christmas are the exception in this  
county, rather than the rule, it was  
stated. The question was left in  
each case to the township trust-  
ees and the teachers.

The schools which ended Friday  
afternoon will open one week from  
Monday leaving only one week for  
the Christmas vacation, but those  
which will reconvene Monday and  
continue until Wednesday after-  
noon, will not open again until  
Monday, January 5, which allows  
the pupils a ten-day vacation.  
The Rushville public school will  
be closed next Tuesday afternoon  
at the regular hour and will not  
open again until Monday, January 5.  
The Carthage schools have been  
closed all week on account of the  
coal supply being limited and will  
reopen December 29.

## NEW RECORD IN COAL PRODUCTION IS MADE

Miners Who Returned to Work in  
Full Force This Week, Push  
Roads to Supply Cars

### 32,989 CARS LOADED IN A DAY

Washington, Dec. 20.—New pro-  
duction records are being made by  
the soft coal miners, who this week  
returned to work in full force, it  
was said by the government offi-  
cials here today.

Coal is coming from the mines so  
fast that the railroad administra-  
tion is finding difficulty in finding  
enough cars for transportation of  
the product.

Wednesday's loading average  
showed an increase of 3,000 cars  
since the years of 1916, 1917 and  
1918. According to the announce-  
ment, 32,989 cars were loaded Wed-  
nesday.

As the result of the record, the  
embargo on bankers of foreign  
ships has been lifted.

### TO ANNOUNCE COMMISSION.

(By United Press.)

Washington, Dec. 20.—Names of  
the three men elected by President  
Wilson for the coal commission to  
study the coal situation, will be  
made public at 6 p. m. it was an-  
nounced at the White House today.

## FEW CHANGES IN TAX VALUES HERE

State Board Orders Assessment of  
Innis, Pearce and Company  
Reduced \$12,750

### DRUG STORE VALUATION LESS

Omitted Assessment of \$31,000 of  
Peoples Natural Gas Co. Or-  
dered on Duplicates

The omitted assessment of a  
Rushville corporation was added,  
the valuation of another local cor-  
poration was reduced, the assess-  
ment of a Rushville business house  
was lowered and a few other unim-  
portant changes were made in this  
county, at the fourth session of the  
state board of tax commissioners  
for review and reassessment, ac-  
cording to a report received this  
morning by Will H. McMillin, coun-  
ty auditor, from the tax board.  
The board's session ended De-  
cember 6, but the changes were not  
certified to the various county au-  
ditors until all of the clerical work  
was completed. All opportunity for  
an appeal to the board for reass-  
essment has now passed and no  
further change will be made in the  
taxable values of the county.

The appeals from this county  
were relatively few, not many of  
those who thought their assess-  
ments too high taking the trouble  
to go through the formality of ask-  
ing for a review by the state board.

Changes were made in every ap-  
peal from here with one exception.  
That was the case of Edward Mil-  
ler, who believed that the valuation  
placed on two pieces of land lying  
between the mill race and Flatrock,  
east of the city, were too high. The  
assessment was reviewed and left at  
the same figure.

The assessment of Innis, Pearce  
and company was reduced, from  
\$220,000 to \$207,250, which amount-  
ed to a reduction of \$12,750, all of  
which was taken off the personal  
property valuation. It was first val-  
ued at \$139,875 and was lowered to  
\$152,625. Other assessments, which  
were left unchanged, were as fol-  
lows: land, \$1875; improvements,  
\$62,500.

The assessment of the Peoples  
Natural Gas company of this city,  
amounting to \$31,000, which was  
omitted, was ordered placed on  
the tax duplicates. It is divided as  
follows: Rushville city, \$6,400;  
Jackson township, \$11,410; Rush-  
ville township, \$12,630.

The valuation of \$9,590 on the  
drug stock and fixtures of the Frank  
E. Wolcott drug store in this city  
was reduced to \$8,240, a reduction  
of \$1,350.

The Tidewater Pipe company,  
Lt., which has oil pipe lines running  
through two northern Rush county  
townships, was assessed \$59,623,  
with \$50,069 in Ripley township and  
\$9,527 in Center township. The lines  
carry oil from the Robinson, Illinois  
fields to Maryland.

The auditor was instructed to  
place \$19,419 on the tax duplicates  
against the Cambridge City Natural  
Gas company, \$11,950 of the sum  
belonging in Washington township  
and \$7,460 in Center township. It  
was also ordered that \$11,378 as-  
sessed against the same company  
for pipe lines should be cancelled.

## ACCEPTS THE AMENDMENT

House Sends Bill Extending Power  
of Sugar Board to President.

Washington, Dec. 20.—The house  
today sent to President Wilson the  
bill extending the power of the sug-  
ar equalization board through the  
year of 1920.

The house accepted the amend-  
ment of the senate to end the licens-  
ing system of producers and large  
users of sugar on July 1, 1920.

## GRAND JURY FAILS TO FINISH INQUIRY

Adjourns Friday Evening Until  
Monday, Dec. 29, When Court  
Will Open Again

### NEXT WEEK TO BE VACATION

Roy, Harry and Fred Nelson File  
Complaint to Contest Will of  
Alva M. Nelson

The grand jury which was called  
into session yesterday, did not com-  
plete their business, and have ad-  
journed until December 29, when it  
is supposed their work will be fin-  
ished, or carried over for a few  
days longer than was originally ex-  
pected. Many witnesses were exam-  
ined yesterday, and the jury ad-  
journed about four o'clock.

The circuit court was quiet to-  
day, and there will be nothing going  
on next week, because, following  
the usual custom it will be a vaca-  
tion on December 29, and will not  
have a vacation on New Year's  
Day.

The present term of court will  
not end until about the middle of  
January, and many cases of impor-  
tance are scheduled for the earlier  
part of the year.

The court yesterday heard the  
evidence in the case of Thomas J.  
Todd against Thomas Creek, a suit  
for breach of contract. The evi-  
dence was heard without the ser-  
vices of the jury, and the case was  
taken under advisement by Judge  
Sparks.

A new suit has been filed, which  
is a complaint to contest a will.  
The plaintiffs are Roy, Harry and  
Fred Nelson and name Alva M. Nel-  
son and others as the defendants,  
who are heirs of Esther Kinder, de-  
ceased.

The complaint alleges that the  
deceased was unduly influenced in  
the making of her will and testa-  
ment, and also states that she was  
a person of unsound mind and not  
capable of knowing the exact con-  
tents of the will.

Several people are made defend-  
ants in the case, as they are named  
as heirs in the will of Mrs. Kinder.  
The deceased was a well known  
woman of Glenwood, where she had  
lived for many years. Her death  
occurred in 1917.

## FIFTEEN KILLED IN HEAD-ON COLLISION

Canadian Pacific Freight Runs Into  
Passenger Train Near Onawa,  
Maine, Today.

### WRECKAGE CATCHES FIRE

(By United Press.)

St. John, Dec. 20.—Fifteen per-  
sons were killed and thirty-five in-  
jured today when the special west-  
bound passenger train collided head-  
on with an eastbound freight train  
on the Canadian Pacific near Ona-  
wa, Maine.

Of the dead, twelve were pas-  
sengers and the others trainmen.  
The accident, according to early  
reports, was due to the freight's  
failure to take a side track for the  
special. The special carried 300  
passengers.

Relief trains were sent to the  
wreck. Meanwhile, however, the in-  
jured were taken to a hospital at  
Greenville, Maine, in a train of  
empty cars.

The first reports said the the pas-  
sengers killed were in the first car  
tied up by the freight train.

The wreckage caught fire and  
many of the dead, it is believed,  
were persons caught in the debris  
and burned to death.

## RAIL SHOPMEN ASK MORE

Say Living Costs Have Not Dropped  
Since Increase Was Given.

(By United Press.)

Washington, Dec. 20.—Officials of  
the railroad shopmen's union, called  
on Rail Director Hines today, with  
the demand for another wage in-  
crease.

These unions withdrew their wage  
demands last summer when Hines  
granted them a small increase, in-  
dicating that the situation might be-  
come better later on when the cost  
of living came down. Ninety days  
have passed, the railroad unions  
declared, without a further drop in  
the living cost.

## FARMERS URGED TO ATTEND SHORT COURSE

County Agent Detrick Says Eight  
Weeks Course Will Benefit Far-  
mers in Three Ways

### APPROXIMATE EXPENSE \$100

Arrangements are being made by  
County Agent Detrick to have the  
Rush county men who attend the  
short course in agriculture at La-  
ayette this year leave Rushville on  
the C. I. & W. at 10:47 A. M. De-  
cember 29, so that the men can get  
rooms together and get acquainted.

Any one who is interested can  
obtain printed material by writing  
Mr. Detrick.

The eight weeks course provides  
for instruction along any one of  
three different lines—general agri-  
culture, animal husbandry, or dair-  
ying.

The probable expense, including  
board, books, room and other inci-  
dental expenses, should not exceed  
\$100.00.

Mr. Detrick says that no one can  
invest \$100.00 to better advantage.  
The knowledge that may be obtained  
from the lectures on feeding alone,  
will more than pay the cost of the  
course in two or three years of  
feeding.

## TRANSPORT IS READY TO SAIL WITH REDS

Buford at South Brooklyn Pier  
Ready to Sail For Russia on  
Two Hours Notice

### ANARCHISTS ARE ROUNDED UP

(By United Press.)

New York, Dec. 20.—The Ameri-  
can transport Buford, veteran of  
the Spanish-American war, is at  
pier in South Brooklyn, with steam  
up ready to sail on two hours no-  
tice.

Although it is not known on what  
mission she is going, it is generally  
understood she is scheduled to take  
300 men and women Reds ordered  
deported to Russia.

Among the passengers, it is be-  
lieved, would be Emma Goldman  
and Alexander Berkman, anarchist  
leaders, defeated recently in their  
fight against deportation.

In addition to the Reds, 350 others  
gathered up in the East will be  
brought here from Hartford, Con-  
necticut and other points for depor-  
tation. To these will be added more  
than 100 others due from the West  
today.

## DELUGE OF MONEY IN THE XMAS FUND

tions People of City Would Not  
Permit Any Want

### BLANK CHECK BEING FILLED

Wednesday Afternoon Sew- ing club	5.00
Odd Fellows	25.00
Mrs. R. L. Tompkins	5.00
R. F. Sender	5.00
Total	\$444.87

The tide which seemed to be turn-  
ing yesterday afternoon in favor of  
the Daily Republican-Salvation  
Army, today became a veritable del-  
uge.

Within an hour this morning \$78  
was reported to the managers of the  
fund which, counting the sums  
brought in yesterday evening after  
the day's report had been made,  
brought the total for today up to  
\$85.50, by far the largest of any  
since the fund was started.

The way the money poured in this  
morning was a revelation and con-  
firmed the previous predictions that  
the people of Rushville would not  
permit any unhappiness here on  
Christmas day. The gifts of the  
school children yesterday, which  
were so bountiful, moved others to  
think of those less fortunate who  
were without hope of cheer on next  
Thursday if they were not helped  
through the generosity of others.

The sheriff's office was loaded  
with all sorts of food today after  
the contributions of the school chil-  
dren were gathered up yesterday  
afternoon by Captain J. A. Trench  
of the Salvation Army. Capt. Trench  
visited each room of each building  
and thanked their children for their  
assistance. The children's gifts  
made more than enough to fill the  
baskets which will be given out for  
Christmas dinners, with the excep-  
tion of a few articles which will  
have to be bought. In order to place  
a dressed chicken in each basket,  
it will be necessary to buy more.  
More potatoes and also beans and  
butter will have to be purchased.

The managers of the fund can  
see nothing but sunshine ahead af-  
ter the magnificent showing today,  
and now believe that the blank  
check which was handed to the peo-  
ple of Rushville will be amply fil-  
led. If there is any money left over,  
it will be used by the Salvation  
Army in relief work during the  
winter.

Santa Claus made a flying trip to  
Rushville this afternoon to inspect  
the situation and was being shown  
around by Capt. Trench. After a  
drive through the residence section,  
Kris Kingle took up his stand at

### FIRE IN COAL MINE

Sullivan, Ind., Dec. 20.—Fire started last night in the Glandora mine, three miles northeast of Sullivan, owned by the Consolidated Indiana Coal Company, was still burning today. A force of miners fought the flames all night after they had started from a shot that was fired after the miners left the shaft late in the afternoon. About 175 men are thrown out of work as a result.

Why your choice will be the All-Record Playing Instrumentized

The Instrumentized Tone Throat—the triumph of the Dalton, embodying the scientific principles of instrument acoustics, applied through deft skill of hand workers. Their careful, individual shaping of the long-seasoned wood is not factory work, but the prideful touch of the real instrument maker. Its result is the tone, inimitable of the Dalton.

Orchestra Shell-Tone Chamber—This is the amplifier that makes the tone "carry." Here, in this all wood sounding chamber, shaped as scientifically as an orchestra shell, the Dalton gets its wonderful resonance and clarity.

Motors—Two and three-spring, according to size of instrument. Long running, easy-winding and guaranteed against spring breakage.

Volume Regulation—An inconspicuous adjustment at the side of the cabinet suits the volume of sound to the room without affecting its true-to-note quality. Its effect is of distance, not a throttle or muffler.

Record Self-Stop—Automatically halts the disc at the last note of the record.

Cabinet Work—Selected wood, specially treated to give permanence to acoustic qualities, and its delicate grain brought out with the richest skill of the finisher's art.

The Auto-File—Makes the misplacement or confusion of records impossible. It is a remarkable device with its more-than-human carefulness for your record.

Reported 36 Went Down With Oil Tanker off Cape Blanc

(By United Press.)

Portland, Oregon, Dec. 20.—Only three persons, from the Associated Oil Tanker J. A. Chanslor, wrecked off Cape Blanc were saved, according to a message received by Mrs. Sawyer, wife of the tanker's captain.

It was said that the total number of men on the tanker was 39, indicating that 36 lives were lost. Captain Sawyer was injured so severely that he was unable to talk. He was in a hospital at Brandon, Ore.

### DRASTIC LAWS PROPOSED

Washington, Dec. 20.—Drastic legislation to deal with all forms of radicals in the country, will be drafted by the house judiciary committee, it was announced today.

J. Hustide of New York, chairman of the judiciary sub-committee, today introduced a bill to deal with such revolutionary efforts.

### WILL BUILD MANY HOUSES

Indianapolis Takes on Building Boom Which Is Needed

Indianapolis, Dec. 20.—A big boom in the building industry in this city is being recorded and is expected to continue for some time according to local dealers in building supplies who declare the demands of the increased population are unprecedented.

Two or three years of ceaseless building activity will be necessary to provide enough private residences and apartment buildings to fill the needs of the present population in the opinion of dealers. Nothing seems to interfere with the activity—not even the high price of materials which stopped many projects during the summer. The public has reached the point where it realizes no drop in the cost of materials will occur in the near future and that labor will not be cheaper for some time to come, dealers said.

A record-breaking number of building permits have been issued by the city building commissioner during the last month.

### OVERCOME TWICE BY GAS

## "MONEY"

### MAKES THE MARE GO

It takes oil to make the machinery go—right. It takes oil to make machinery last. Many a good machine has never been recognized simply because of a poor oiling system. Drop in and see the "Rushville Special" Spreader and let me show you what elaborate effort and tireless energy have been absorbed in making this machine almost fool proof when it comes to oiling.

Efforts have been made to produce bearings that would not require oil, but without entire success. The railroad companies in building their freight and passenger cars, and the Litchfield Mfg. Co. in building the "Rushville Special" Spreader have come about as near it as seems possible. The main bearings of my spreader carry an oil chamber on the under side, packed with waste which feeds the oil against the axle like a wick feeds kerosene to the blaze in a lamp. The weight and all the main driving power in a spreader must be sustained by the main rear bearings, and this oiling is most important. These bearings are known as self-oiling bearings.

The "Rushville Special" Spreader is equipped with hard oil cups at all lubricating points, except these self-oiling bearings. Each oiling arrangement is so devised that it will stand much abuse and mis-use, and cold weather. Of course, this machine needs oil, but not an EXPERT to apply it.

Buy this machine now. Don't starve your land for the sake of an uncertain, possible saving in some other manner. It doesn't pay. The "Rushville Special" Spreader will make its coat back for you while you are looking around. Come in and let me prove it.

### CAN'T LIFT THE BAN ON WHISKEY STOCKS

Attorney General Palmer Convinced  
President Must Wait Until  
Peace is Proclaimed

### SEN. SHERMAN WOULD LIFT IT

(By United Press.)

Washington, Dec. 19.—President Wilson cannot lift the war time prohibition ban until the peace treaty has been ratified and the proclamation of demobilization issued, Attorney General Palmer declared.

The supreme court's decision strengthened him in this opinion. With the request that President Wilson lift the war time ban, Senator Sherman of Illinois held a long conference Friday with Secretary Tamm.

Sherman believes that it would be a business proposition to the owners of large stocks of whiskey, so that they can dispose of their large stocks before the eighteenth amendment becomes operative.

## GOD'S CHRISTMAS

¶ The spirit of Christmas as we celebrate it is joy. It is joy to the baby with his tiny stocking. It is joy to the children with their candy, toys and books. It is joy to the older people, who themselves give and receive.

¶ But has the second great meaning of Christmas come to you? The angel choir on the first Christmas sang: "Glory to God in the highest." What are you going to do this Christmas to bring glory to God? God will give you Christmas joy; will you deny him His Christmas Glory?

¶ A poor child made happy, on Christmas Day, for Christ's sake, means glory to God. A lonely neighbor cheered, a goodly supply of fuel and food sent to the home of a neglected old man or woman, all means glory to God. A heartfelt, sincere prayer, thanking God for His goodness, this, too, means glory to God.

¶ For us, "exceeding great joy." For God, "Glory in the highest." Shall we do our part?

**Forgive and Forget**

One thousand nine hundred and nineteen years ago a child was born, of a virgin mother.

Throughout the years which have flown since this memorable event we have celebrated the birth of that child.

The halo which surrounded its little head has remained fixed in our memories through all the centuries of time, and will continue to be with us until time ceases to be.

This child was the Christ—the son of God—who, as a man, was nailed to the cross, and forgave his enemies who crucified him there.

Another year is drawing to a close, and the lessons learned from this good man are again brought forcibly to our minds at the Yule

**tide season of our rejoicing.**

As Christ forgave his enemies, so let us forgive ours, and forget the injustice which they have done us.

The harboring of ill will does good to no one. It may do harm to many. But the greatest harm of all is that which springs from a mind of hate and poisons the heart in which it finds lodgment.

It kills the joy of life and fills the road to eternity with impassible barriers, beyond which only the fit in mind and heart may go.

At the Christmas of 1919 let us all forgive and forget, and begin the new year with joy in our hearts and good will toward all people.

**An Eight-Hour Day**

Every thinking man in Rush county will agree that if there is any one man in this country who really loves to work it is the farmer. He loves to see things growing, and he knows that growth comes from his own labor; that only as he toils will the crop grow or the cattle take on fat.

Work is just as much a matter of habit as anything else, and the farmer easily acquires the habit. Where one has acquired the habit of work he gets more enjoyment out of that than anything else. Having acquired the habit of work, and having a love for work, and knowing the result of work upon the farm, the farmer isn't going to take kindly to an eight-hour day, neither for himself nor for the "hired hand".

The farmer is going to have to pay a greater wage to the "hired hand" than he has ever paid, for farm labor advances along with labor in the city. But eight hours a day for the farm hand is not likely to prevail. It may be used as a ba-

"What is the trouble?" queried Dr. D., "Tooth ache?"

"No. It's this," said Twain. He displayed just over his left knee a prodigious carbuncle of vermilion tinge. It was flaming and ugly.

"Great Scott! That's a bad one! You need a surgeon. That's a carbuncle, Mr. Clemens." Twain scanned it slowly and said:

"I've seen that color on upholstery, somewhere. Oh, yes! I remember. It's a Pullman carbuncle."

**LIBERTY TEAM IS DEFEATED 32 TO 10**

Visitors Have no Chance With Rushville High School Five Playing in Fine Form

**HELD TO 3 POINTS LAST HALF**

Locals Are Never Headed After Drawing First Blood—Miller Negotiates 5 Field Goals

The high school basketball team showed a reversal of form last night, after losing a few games in recent weeks, and came back with the big end of the score defeating Liberty, 32 to 10.

Liberty used their entire bunch of players, but could not stop the locals from winning, and in the last half the visitors were able to make only three points, while the Rushville team piled up 18.

Miller for Rushville was the individual goal getter and slipped away for baskets from the center of the floor, making a total of five field goals. Lowell Headlee, who played for the first time last night at forward, credited himself with 3 field goals in the first half, but was unable to connect in the final period.

Emerson Headlee, at center, was in good shape last night, and played an excellent game, making four field goals, and three foul throws.

Eakins and Frazee, who have played their same consistent game in each contest, were also on their toes last night, and made effective their guarding as well as their floor work. Eakins was a little off form in hitting the basket, counting only one field goal, but made good his only two chances on foul goals.

The Liberty team came here highly reputed to be one of the fastest contenders in the sixth district. Their entire team rested upon their center, Barnhart, who was the pivot of the contest. Foutz, a substitute guard, soon got "in bad" with the fans, when he started a rough house by tripping and slugging.

The local team was the first to score, and were never passed by Liberty. The first half ended 14 to 7. Liberty played without an error in the first half, but toward the end of the game they were fouled 7 times, six of which were counted as points for the locals.

The local team outplayed the visitors, both in team work and in goal shooting, and it seemed that they could not stop the locals at any time during the contest.

The game which Coach Sutton is trying to arrange with Newcastle for next Tuesday or Wednesday here, has not been completed, definite word was expected today.

The score and summary:

Rushville 32	Liberty 10
Miller	F Thompson
L. Headlee	F McMahon
E. Headlee	C Barnhart
Eakins	G Smith
Frazee	G Martin

Field goals: Miller 5, L. Headlee 3, E. Headlee 4, Eakins, Thompson, Barnhart 3. Foul goals, Miller, E. Headlee 3, Eakins 2, Thompson 2. Referee, Schoenman, Em-Roes, Indianapolis.

**Rushville 35; Fairview 11**

The second team from the high school had little difficulty in winning from the second team from the Fairview high school, the score being 35 to 11. The locals played in fine style, and completely swamped the Fairview team. The Fairview team defeated the locals a few weeks ago at Fairview, and the game last night was in payment for the defeat.

The score and summary:

Rushville 35	Fairview 11
Kelley	F Parker
Bell, Davis	F Tapper
Phillips	C Cook
Somerville	G Dunnell
Martin	G Carr

Field goals: Davis 2, Phillips 3, Bell, Kelley 5, Martin, Tapper, Cook 2, Dunnell. Field goals Parker 2, Cook, Kelley.

## CONNERSVILLE TRIMS INDEPENDENTS, 46-30

Local Team Meets Defeat Last Night on Small Floor—Out For Revenge

PLAYS HERE NEXT WEEK.

The local Independent basketball team went down in defeat last night on the Connersville floor, when they met the Independent team from Connersville, the score being 46 to 30.

The local players blamed the poor floor for their defeat, and are confident of winning here next Friday night when a return game will be played.

Martin lead the team for goals, making 7, with Henley making 4 field goals and throwing 6 foul goals. Myers for Connersville made a total of 22 points for their team, and was the point getter for the winners.

The score and summary:  
Connersville (46) Rushville (30)  
Myers .....F..... Henley  
Jessup .....F..... Brodie  
Sipps .....C..... Martin  
Maynard .....G..... Keating

Field goals: Myers 9, Jessup 5, Sipps 4, Maynard 3, Martin 7, Henley 4, Brodie. Foul goals: Henley 6, Myers 4.

### NEWCASTLE 15: SPICELAND 13.

Newcastle, Ind., Dec. 20—The largest crowd that ever witnessed a basketball game in this city was present last night and saw the local high school defeat the Spiceland Academy team by the close score of 15 to 13. No teams in the state have as much rivalry, and the game was a fight from beginning to end, with the local team winning in the last minute of play. Newcastle will play the Rushville team in the next contest, and both of these teams are on about an equal basis, according to indications.

## BROOKVILLE CRIES "ENUF"

Milroy H. S. Takes Franklin County Team 89 to 17

The basketball game at Milroy last night turned out to be a farce before the game had gone very far, and the six footers in southern Rush county made the Brookville team cry "enuf" the score being 89 to 17. The usual big crowd was on hand and the Milroy team found very little opposition in the Franklin county team, and made goals at their leisure. This is the highest basketball score to be recorded in this county so far this season.

## Amusements

### Louise Glaum at Mystic

Louise Glaum is at the Mystic today in "A Law Unto Herself" and there is also a Harold Lloyd comedy, "Pistols for Breakfast." Monday another episode of the serial in which James J. Corbett is starred, will be shown. It is entitled "The Death Ride." Frisky Lyons will appear in "Wicked Habits" and "Universal current events will be shown."

### Princess Bill Today

The big scenes in the new George Walsh photoplay "The Winning Stroke" which is at the Princess today, include actual photographs of the great Yale-Harvard boat race—a contest which annually absorbs the keen interest of the entire aquatic sporting world. Some of the scenes in this play were filmed on the Yale campus and in the Yale crews training quarters—the first time a concession of this sort

has been granted for motion pictures.

As stroke oar of the Yale crew and the plucky hero of a charming romance, Walsh not only looks the part to perfection, but handles the difficult business of which there is plenty—in his usual dynamic, magnetic fashion and comes out victorious in both love and war.

"The Winning Stroke" is wholesome in sentiment powerful in pic-

ture and speedy enough in action to meet any demand. It looks like a winning stroke for both star and exhibitor.

Fay Tucher also appears in "Rowdy Ann" on today's bill.

Fargo, N. D.—Judge Monson has been called on to decide whether R. E. Wheeler, one-armed, might be granted a license to operate a taxi-cab.

Chase Jarrett and Miss Vernon Copeland of Spieland were married Wednesday evening at Newcastle. Mr. Jarrett is the son of Mr. and Mrs. Robert Jarrett, who formerly lived in Union township.

Mr. and Mrs. Everett Jones, Mr. and Mrs. A. J. Glaser and daughter Ruth, Kay Kitchman, all of Muncie and Miss Edna Deitz of Michigan were entertained at dinner Thursday at the home of Mr. and Mrs. C. W. Eitel.

Mr. and Mrs. Francis E. Dice of Connersville have announced the engagement of their daughter, Miss Helen, to George A. Meyer, also of Connersville. The date for the wedding has not been decided. Both young people are known in this city.

The Wednesday Afternoon Sewing club met yesterday afternoon with Mrs. Sam Innis at her home in North Perkins street. The afternoon was spent over various kinds of needlework and during a brief business session it was decided to give \$5.00 to the Daily Republican-Salvation Army Christmas fund. At a late hour refreshments were served by the hostess.

Fourteen members of the Tau Kappa sorority enjoyed a pitch-in supper and a Christmas party last evening at the home of Mrs. Loren Martin in North Harrison street. The affair was also in the form of a house warming for Mrs. Martin, who was recently married. After the supper gifts were exchanged and the Christmas program given, consisting of a stunt from each member present.

Mrs. Ed Short delightfully entertained twenty-seven members of the Industrial club yesterday at her home in West Second street. At noon a delicious pitch-in dinner was served. In the afternoon a Christmas program was carried out and gifts exchanged. Each member was requested to make a small apron and put as many pennies in the pocket of the garment as they were inches around the waist. The proceeds from this and the small aprons, which netted \$5, were turned over to the Daily Republican-Salvation Army fund. The home of the hostess was gaily decorated for

Those present were Mr. and Mrs. Wilfred Kennedy, Mr. and Mrs. Charles Craven and children, Burnice, Mable and Charles, J. R. Leslie, Mr. and Mrs. Elvin Cook, Mr. and Mrs. Mat Richardson, Mr. and Mrs. Sherman Young and son Roscoe, Mr. and Mrs. James Wilson and son Samuel, Mrs. Jossie Matfox and daughters Elizabeth and Edna, Miss Cassie Nicholson, Essie Stoneking, Catherine Jordan, Mr. and Mrs. Eugene Hall, Miss Elmer Cook, Weldon Cherry, Harry Blair, Clarence Kennedy, Willie Jordan and Harry Kennedy. The evening was spent with games and dancing.

### WOOD CHOSEN TO SPEAK

Accepts Invitation For Commencement Address at I. U.

Bloomington, Ind., Dec. 20—The commencement day address at Indiana university will be delivered by Major General Leonard Wood, according to an announcement made here.

An invitation was extended to General Wood on June 4 and he accepted.

Highest military and civic honors will be extended to the general according to present plans and the event will be a notable one because of its connection with the centennial celebration of the university.

### Christmas Slippers

The Christmas tree would seem incomplete if it bore no slippers. Above is a group of this year's offerings. At the top is a gay little pair of ribbon slippers for the young girl. In the center there are eiderdown bedroom slippers for any member of the family, and just below a pair of satin booties for baby, lined with plush or eiderdown and bordered with fur. At the bottom is a pair of handsome bedroom slippers made of ribbon that will delight any woman.

## FRANCE TO BE RECHICKENIZED

American Chickens Make Life a Little Gay in France, Peasants Say

### U. S. DIMES PUT PEP IN IDEA

Following Policy of American Committee to Aid Chickens Are Sold Half Price

(By United Press.)  
Soissons, France, (By Mail)—American chickens make life a little gay in France, the peasants

here say, regarding the efforts of the American Committee for Devastated France to aid the stricken people of the Aisne district.

And they mean it, too, for the proud clucking of hens and the lordly crowing of roosters are the first sounds that greet the tourist when he visits the war-torn villages of the Aisne valley. For the American committee has really carried out its slogan to "re-chickenize" France.

American dimes and quarters received here daily are going into the fund to put "pep" in the poultry business in France. In the last three months women wearing the French blue uniforms of the Committee for Devastated France distributed 8,451 chickens throughout the 100 towns in their charge. In

addition they have established two chicken farms in the interior of France, capable of producing 2,000 chickens a month for use solely in the devastated regions.

Following the policy of the American committee to aid and not to pauperize the people of the Aisne, the chickens are sold at half price, the present rate of sale being 10 francs. Money sent from America makes up the remainder of the cost price. Incubators, moreover, are installed in a number of towns down on the front.

Besides chickens, Americans put 105 goats in the Aisne—to furnish milk for war-babies, as well as ducks and cows, to furnish food and give a business start to many a French "Tom Sawyer."

Rolling stores on trucks carry

supplies to towns where no stores are open, no doctors present, and no buildings, habitable other than temporary shelters, barracks, and caves.

### WINS TWO FIRSTS

## REVIEW GIVEN OF CROP CONDITIONS

Report Just Issued by Crop Reporting Service of Indiana Shows Decrease in Production

WHEAT OFF 922,000 ACRES.

Rye Also Shows Decrease and Apple Crop Holds About Steady—Fall Ploughing Was Delayed

The wheat planted this fall by Indiana farmers is 32 percent less than the amount planted last fall and approximates a reduction of 922,000 acres according to the report issued today by the Co-operative Crop Reporting Service for Indiana. The early sown wheat is full of Hessian fly and some of the late sown is in very poor condition, while that sown between the fly-free dates and November first is in very good condition. The rye acreage has been reduced 10 percent as compared with last year and amounts to 38,000 acres. The condition is about average for this time of the year. Only a few of the larger commercial orchards had any apples for shipment out of the county this year, and fall plowing was materially delayed because of corn husking operations, the drought in the north part of the state in the early fall and rains and floods in the south part. Farm wages for labor by the month shows an increase of about 15 percent over last year; wages of harvest hands show an increase of 22 percent and for other farm labor an increase of 25 percent. An average of 16.2 cords of wood is shown to have been consumed by each farm, the value of which is estimated at \$4.22 per cord. The report follows:

In no county was there as much wheat planted this fall as last, and for the state as a whole, the decrease amount to 32 percent. The preliminary estimate of acreage planted this fall is 1,960,000 acres compared with 2,882,000 acres last year. One of the principal factors relating to this shortage was the droughty condition in all parts of the state during August and September when the soil was so dry and hard it was almost impossible to prepare it for seeding. In some of the southern counties where it was possible to prepare the soil rains set in before seeding was commenced and stopped work along that line until too late. Quite a number of the fields that had been prepared for wheat were seeded to rye because of the intensity of the season. The question of price fixing also had a bearing on the matter. On the other hand many of the larger farmers who have not grown any wheat for several years have substantial acreages at this time.

The condition of the crop is very spotted. The early sown wheat in all parts of the state is badly infested with Hessian fly and fields that looked very promising early in the season are practically gone now; some of the very late planted is not yet up and because of the lateness of the season can not make much of a crop while that portion of the crop planted after the fly-free dates and before November first is in splendid condition with a good color and strong, healthy looking plants. The average for the state is 79 percent of normal.

The rye situation generally is much the same as wheat, except that rye has been planted in quite a number of fields in the southern part of the state that had been prepared for wheat. No insect damage is reported and the condition at this time of the year is about average, being 92 percent of normal. The preliminary estimate is 346,000 ac-

res, which is 10 percent less than was planted last year.

The portion of the apple crop for the state as a whole, shipped out of the counties where grown is estimated at 4 percent, and is the lowest for many years. Not all of the commercial orchards and practically none of the farm orchards produced any apples this year.

Fall plowing for spring planting has been materially delayed in some sections of the state because farmers have been unable to secure help and felt that husking their corn crop was of more importance. Droughty conditions in August and September also delayed the work in the north part of the state while rains and floods delayed it in the south part. Only 20 percent of the work is estimated to be completed at this time.

Wages of farm labor have increased 15 percent since last spring for labor hired by the month, the state average now being \$38.60 with board and \$53.39 without board. For labor other than for harvest \$3.62 per day with board and \$4.42 per day without board was paid which is an increase of approximately 22 percent over last year. For labor other than for harvest work the average rate for the state at this time is \$2.55 per day with board and \$3.21 per day without board, an increase of about 25 percent.

The average number of cords of wood consumed on the farms of Indiana is reported at 16.2 during this year and is valued at \$4.22 per cords. This low value is due to the fact that most of the wood was used for cooking purposes and was made from fallen trees and other waste timber on the farms.

## TAKE

## PEPSINCO

Sometimes in front just under the heart, sometimes around under the left side, under the ribs behind the heart it's a sharp or acute pains; sometimes a dull heavy pain, leaving soreness. It's gas on the inside generated through gaseous foods, or, because of systematic inability to properly assimilate the food, this gas soon collecting, forms a lump that causes the pain. This is only one of a dozen different indications which PEPSINCO immediately relieves. Keep PEPSINCO handy and take it the next time.

Ask your druggist—he sells and recommends Pepsinco.

The statistics gathered by the Census Bureau in regard to farms are used quite extensively by the Department of Agriculture in its work of aiding farmers.

In 1914, the year the last manufacturing census was taken, there were 275,000 manufacturing establishments reported. The Census Bureau expects about 300,000 establishments to be listed in 1920.

State Tax Board Reduces Assessments in Response to Protests

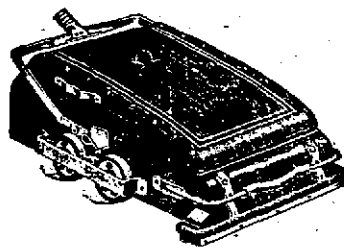

Indianapolis, Ind., Dec. 20.—Revaluation of Indiana property was completed by the state tax board Friday, showing a decrease of millions of dollars.

Several large corporations, protesting that the value of their business was far in excess of the actual cash value, were among the firms reduced by the tax board.

Says it is the Best in the World

There is one remedy that those who know depend upon for relief from coughs that "hang on" after the grip. Foley's Honey and Tar clears the passages, soothes raw, inflamed membranes and banishes irritation and tickling in the throat. A. H. McDaniel, Box 51, Lindside, W. Va., writes: "I am glad to tell you that Foley's Honey and Tar is the best medicine in this world. I have had a severe cough and before I used half a bottle I was better. F. B. Johnson.—(Adv.)"
